UNDERTAKING

The following provisions have been made to facilitate students at Rajiv Gandhi College of Engineering and Technology, Puducherry, to access MOOCs courses through SWAYAM:

1. Infrastructure: Dedicated computer labs equipped with high-speed internet connectivity and necessary hardware to access SWAYAM courses have been established.
2. SWAYAM Access Points: Designated areas on campus where students can access SWAYAM courses using their own devices or college computers have been set up.
3. Training Workshops: Orientation sessions and workshops to familiarize students with the SWAYAM platform, navigation, and enrolment procedures have been conducted.
4. Faculty Support: Faculty members have been encouraged to integrate relevant SWAYAM courses into their curriculum and provide guidance to students regarding course selection and completion.
5. Credit Transfer Mechanism: A system for recognizing and transferring credits earned from SWAYAM courses towards the students' academic program, ensuring alignment with the college's curriculum requirements, has been established.
6. Monitoring and Evaluation: Mechanisms to track students' progress in SWAYAM courses, provide support as needed, and assess the effectiveness of integrating MOOCs into the learning experience have been implemented.
7. Feedback Mechanism: Feedback from students regarding their experiences with SWAYAM courses has been solicited, and any issues or concerns have been promptly addressed to enhance the overall learning experience.

By implementing these provisions, SWAYAM has been effectively leveraged by Rajiv Gandhi College of Engineering and Technology to enrich the learning experience and provide students with access to a diverse range of high-quality educational resources.
