### CIRCULAR

We are excited to inform you about a one-day seminar on “Role & Scope of Biomedical engineer in society” on 09.08.2018, organized exclusively for our II, III & IV-Year students. This seminar is designed to provide an adequate understanding of the importance and opportunities present in society for the biomedical engineer as a carrier or research purposes.

All are invited

Report : Seminar on Role and Scope of Biomedical Engineer in society

Name of the Event Organized	Seminar on Role and Scope of Biomedical Engineer in society
Date of the Event Organized	09.08.2018
Time	9.00 am – 4.00 pm
No. of participants	138
Name of the Chief Guests / Speakers	Dr.M.Ashok kumar and Mr.M.Mahendra Prabhu, MGMCRI, Puducherry
Venue	Seminar Hall, Administrative Block

### Seminar Objectives:

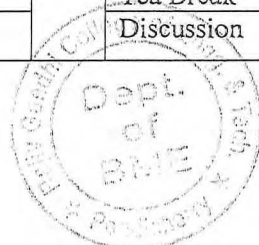

1. Sensitize the students with the basics of Biomedical Engineer and its implications of research for engineering community.
2. Impart the knowledge among the students various tools as well as resources available for biomedical engineer and the various field work available in the society for medical equipment development.

### Seminar Schedule:

Date	Time	Topics covered	
09/08/18	9.00am-9.05am	F.N Prayer song	
	9.05am-9.10am		Lamp Lighting
	9.10am-9.15am		Welcome Address by HOD
	9.15am-9.25am		Address by Principal
	9.25am-9.30am		Address by Vice- Principal
	9.30am-9.45am		Address by Chief Guest
	9.45am-10.00am		Tea Break
	10.00am-11.00am		Dr.M.Ashok Kumar - Introduction of Biomedical Engineering
	11.15am-11.45am	Encouraging Various fields in biomedical engineering	
	11.45am-12.30pm	Real time studies of Biomedical Engineering in Society	
	12.30pm-1.00pm	Technical&Current challenges in Biomedical Field	
	1.00pm-1.45pm	Lunch Break	
	1.45pm-2.15pm	A.N Mr.M.Mahendra Prabhu - Challenges faced by the biomedical Engineers & Researcher	
	2.15pm-3.00pm		Carrier & Research opportunities for Biomedical Engineer
	3.00pm-3.15pm		Tea Break
	3.15pm-4.00pm		Discussion

The seminar on "Role and Scope of Biomedical Engineering in Society" was conducted by the BIO-ZEAL. The keynote speakers, Dr.M.Ashok kumar and Mr.M.Mahendra Prabhu, working in Mahatma Gandhi Medical College, hospital and Research Institute , Puducherry, delivered a comprehensive presentation. The event was coordinated by Ms.R.Radhiga.

The foremost aim of the seminar is aimed to explore the role and scope of biomedical engineer in hospital as well as in other various fields, showcasing the intersection of learning engineering courses and applying engineering in the biomedical field. The seminar was organized into several sessions, each focusing on different aspects of the application of role and scope of biomedical engineer in society. The schedule was designed to provide a thorough understanding of the topic, allowing ample time for discussion and interaction.

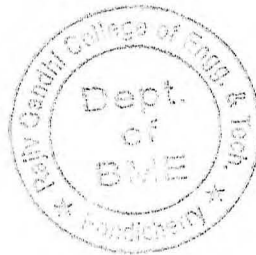

The target participant for the seminar was Second ,Third and Fourth Year BME department students. A total of 138 students attended the seminar.

Date	09.08.2018		
Seminar Offered to	Dept.:BME	Year:II/III/IV	Sem:III/V/VII

#### MODULE TITLE:ROLE & SCOPE OF BIOMEDICAL ENGINEER IN SOCIETY

**Speakers :Forenoon session: Dr.M.ASHOK KUMAR**

**Afternoon session: Mr.M.MAHENDRA PRABHU**

**10.00AM -11.00AM:Introduction to Biomedical Engineering**

- The Session Started with the Forenoon Speaker who introduced himself as well as the seminar title then explained the need , demand and purposes of Biomedical Engineer.

**11:00AM - 11:45 AM:Encouraging Various fields in Biomedical Engineering**

- The Speaker discussed the major biomedical fields such as Bio-materials,Medical devices,etc and their role in the medical field.
- The speaker emphasizes the students to do further work in research and any other technologies if they are interested.

**11:45 AM - 12:30PM:Real time studies of Biomedical Engineering in Society**

- The speaker provided an explanation of the various scenarios and challenges , he encountered in his field.Then he added that various new or quality equipment was not present in every department in hospital.
- In the above situation ,the speaker shared various technique to maintain the equipment properly.

**12:30PM - 1:00 PM:Technical and Current challenges in Biomedical Field**

- The speaker explained the current challenges and situation facing the biomedical field in society.

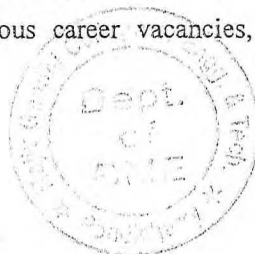

**1:00 PM - 1:45 PM:Lunch Break**

**1:45 PM - 2:15 PM:Challenges faced by the biomedical Engineers and Researcher**

- The Session started with Afternoon Speaker introducing himself and discussing the points told about the Forenoon speaker.

**2:15 PM -3:00PM:Carrier and Research opportunities for Biomedical Engineer**

- The Speaker explained the various career vacancies, research fields and opportunities were available in society.

- The speaker also insisted on learning more information about Medical equipment and its resources through various trusted networks.

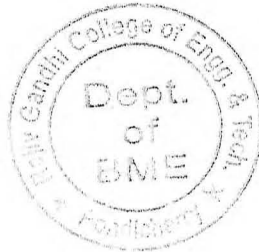

**03:00PM-03:15PM:Tea/Coffee Break**

**3:15PM-4:00PM:Discussion**

- This session will have an interaction between the students and the resource person to clear the doubts with regarding the seminar.
- The seminar will be concluded by thanking the resource person time, suggestion, Tips provided for the students to make them to follow clear career path in their future.

## DEPARTMENT OF BIOMEDICAL ENGINEERING

Seminar Summary on "Role & Scope of Biomedical engineer in Society"

Training Duration: 1 day(09.08.2018)

The one-day seminar on "Role and Scope of Biomedical Engineer in society" was held on 09th August 2018 at Seminar Hall conducted by BIO-ZEAL. The seminar was given to students to gain the knowledge and skills required to be used in the field of biomedical engineering in society. The seminar attracts the students eager to learn as well as to gain information about biomedical duties and roles in hospital ,companies ,research field and etc. in society.

### Summary of Sessions

**Session 1: Introduction to Biomedical Engineering** This session provided an introduction of the Forenoon speaker himself and their profession. The Speaker introduced about Biomedical Engineering and the related to the seminar topic .The speaker explained how the biomedical field was started in initial stages in hospitals, Medical equipment and etc.

**Session 2: Encouraging Various fields in Biomedical Engineering** The Students learned about the Biomedical research fields including the Medical devices, Bio-materials and etc. The speaker discussed the importance of various aspects of Biomedical fields and encouraged the students to do project works in different biomedical fields .

**Session 3: Real time studies of Biomedical Engineering in Society** This session focused on research fields for Medical equipment improvement as well as making it affordable to society as a biomedical engineer in various fields of health-care.The speaker explained how to become successful in Biomedical Engineering project for quality Life by improving our skills.

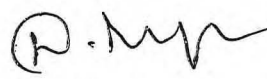

**Session 4: Technical and Current challenges in Biomedical Field** This session covered effective ways to present in addition to analyze technical challenges and issues in society as a biomedical engineer. The speaker provided tips on using statistics to crack problems in different ways as well as using various tools to rectify the problems occurred in equipment and opportunities of Biomedical engineer careers and research exploration .

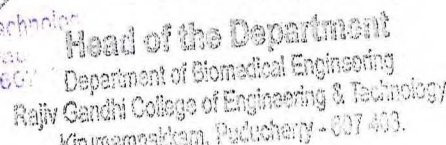

**Session 5: Challenges faced by the biomedical Engineers and Researcher** This session started by an Afternoon speaker introduced himself and highlighted the points discussed by the Forenoon speaker. The speaker explained about his perceptive of challenges faced in society as a Biomedical Engineer in hospital , he added that there are other various challenges faced by his coordinates as Biomedical Researcher or Biomedical engineer.

**Session 6: Carrier and Research opportunities for Biomedical Engineer** The speaker explained the students how to grab career opportunities and research developments in detail for biomedical engineers in society. The speaker emphasized the importance of growing fields ,technologies, scope in society for biomedical engineers or biomedical Researcher .
