2.5.1. Mechanism of internal/ external assessment is transparent and the grievance Redressal system is time-bound and efficient.

The evaluation process consists of the assessment schedule, Internal Assessment and Model Exam question paper, the assessment of the answer sheet, and the analysis of the results to determine the underlying reason and develop an improvement plan. To attain transparency, the students are informed with the same information. The issues are brought up in the class representative meeting, HoD's meeting and feedback on university questions. The grievance forms that are provided at the Exam wing to the faculty for addressing external problems and the same communicated to the university.
